

Thank you for purchasing 8 Directional Knight Character by Hormelz.

You purchased the asset pack on 2025-04-09 13:34:03 for **\$3.00** with the email *omarcosta152@gmail.com*. This page has a unique URL for your purchase. You can always access the latest files from this page. You should have also received an email with a link to this page. If you ever lose the URL for this page you can request it to be emailed to you from the [support page](#).

This purchase is linked to the account [Zodia-Games](#).

Download and install instructions from Hormelz:

Each sprite sheet ends with a "_dir#" tag. They correspond to the following:

- dir1 = Down Left
- dir2 = Left
- dir3 = Up Left
- dir4 = Up
- dir5 = Up Right
- dir6 = Right
- dir7 = Down Right
- dir8 = Down

Canvas size: 256x256

Each folder contains the sprite sheet, a gif example of each sprite sheet, and a json file that works on certain engines for easy importing.
